Also, please let me know if you would like me to leave those notes open for Dr Pensler/Dr Hill to review and sign, review and mark as ready for me to sign, or if I should sign them and route them for review.

Thanks,
Julia

Good morning.

Following up on my email below, as I have not heard a response. It's my understanding that we are now able to indicate the PA as the servicing provider in EPIC via the appointment itself by changing the provider, and/or in the charge capture when applicable. Moving forward, in order to ensure that I'm in compliance with proper billing and to be able to continue with my position, I will be modifying this when appropriate. We will need to review this with staff as well.

Thank you,

Subject: Following up on billing

Good morning,

I wanted to follow up as I continue to be concerned about the process of billing in the physician's name regardless of insurance carrier or servicing provider, and my personal professional liability. As we aren't able to meet the incident to criteria, I'd like to continue to discuss what we should do when a patient is seen by me. I appreciate everyone's consideration.

Thanks,

Julia Zimmerman, PAC
